

OCR GCSE SCHEME OF LEARNING

We don't think our flipped classroom method of teaching needs a detailed Scheme of Learning.

However, we do appreciate that many schools require teachers to have one. That's why we have produced the following resources for use with our teaching material:

- Long-term (term-by-term) SoL
- Short-term (lesson-by-lesson) SoL
- Accompanying Excel delivery calendars

The Schemes of Learning reference topics, learning outcomes, activities, key questions, key terms and homework video links.

Every school's delivery model is different, so we have provided several versions of these resources. Choose the closest match and, hopefully, you won't need to adapt it much to make it work for you:

- File 1.1: Detailed, long-term, lesson-by-lesson SoL in PDF format
- File 1.2: Accompanying Excel delivery calendar based on a 1-week timetable
- File 1.3: Accompanying Excel delivery calendar based on a 2-week timetable

Our pedagogy

Read more about our pedagogy here:

craigndave.org/our-pedagogy

We have additional videos which you might find useful which explain the Flipped Classroom method of teaching on our YouTube channel:
