

# AQA AS AND A LEVEL SCHEMES OF LEARNING

---

We don't think our flipped classroom method of teaching needs a detailed SoL, but we do appreciate that many schools demand you have one, so we have produced for you:

- Long-term (term-by-term) SoL
- Short-term (lesson-by-lesson) SoL
- Accompanying Excel delivery calendars

The SoL reference topics, learning outcomes, key questions, activities, key terms and homework video links. Every school delivery model is different, so we have provided several versions for you – pick the one that matches your model most closely and hopefully, you won't have to adapt it much!

## VERSION 1: AS Level Only

These files are for a school delivering the AS version of the course over a single year.

- File 1.1: Detailed long-term and lesson-by-lesson SoL in PDF format.
- File 1.2: Accompanying Excel delivery calendar based on a one-week timetable model
- File 1.3: Accompanying Excel delivery calendar based on a two-week timetable model

## VERSION 2: AS and A Level

These files are for a school delivering the AS content in Year 12 with the intention of sitting the exam, followed by additional content to make up the full A Level in Year 13.

- File 2.1: Detailed long-term and lesson-by-lesson SoL in PDF format.
- File 2.2: Accompanying Excel delivery calendar based on a one-week timetable model
- File 2.3: Accompanying Excel delivery calendar based on a two-week timetable model

## VERSION 3: Linear A Level

These files are for a school delivering the full two-year A Level course in a linear fashion – however, it still provides opportunities for mocks in the first year.

- File 3.1: Detailed long-term and lesson-by-lesson SoL in PDF format.
- File 3.2: Accompanying Excel delivery calendar based on a one-week timetable model
- File 3.3: Accompanying Excel delivery calendar based on a two-week timetable model

### Our pedagogy

Read more about our pedagogy here:

[craigndave.org/our-pedagogy](https://craigndave.org/our-pedagogy)

We have additional videos which you might find useful which explain the Flipped Classroom method of teaching on our YouTube channel:
